

6th Grade CCSS Math Vocabulary Quiz 29

1. ___ An angle with a measure less than 90 degrees.
A.addend B.attributes C.acute angle D.centimeter
2. ___ A plane figure with all points the same distance from a fixed point called a center.
A.circle B.angle measure C.capacity D.common denominator
3. ___ An arrangement of objects in equal rows.
A.addend B.common denominator C.array D.capacity
4. ___ A model of multiplication that shows each place value product.
A.compare B.common denominator C.attributes D.area model
5. ___ A metric unit of length equal to 0.01 of a meter.
A.centimeter B.area C.capacity D.arc
6. ___ A step-by-step method for computing
A.area model B.array C.classify D.algorithm
7. ___ To combine or to put together two or more quantities
A.attributes B.add C.area model D.capacity
8. ___ To determine if one number is greater than, less than, or equal to another number.
A.centimeter B.additive comparison C.compare D.algorithm
9. ___ Any number being added.
A.area B.addend C.attributes D.algorithm
10. ___ Characteristics, properties, or features which allow items to be sorted and classified.
A.centimeter B.attributes C.additive comparison D.area
11. ___ The measure in square units of the inside of a plane figure.
A.circle B.area C.acute angle D.arc
12. ___ Compares how much more or less one amount is than another.
A.algorithm B.add C.classify D.additive comparison
13. ___ Refers to the amount of liquid a container can hold.
A.additive comparison B.centimeter C.circle D.capacity
14. ___ Two rays that share an endpoint.
A.angle measure B.additive comparison C.angle D.acute angle
15. ___ Part of a circle between any two of its points.
A.add B.additive comparison C.arc D.classify
16. ___ To sort into categories or to arrange into groups by attributes.
A.classify B.capacity C.addend D.common denominator
17. ___ The measure of the size of an angle.
A.angle measure B.additive comparison C.acute angle D.attributes
18. ___ A common multiple of the denominators for two or more fractions.
A.common denominator B.algorithm C.capacity D.addend
