6th Grade CCSS Math Vocabulary Quiz 34

1. B   A customary unit of capacity that equals 2 pints or 4 cups.
A.perpendicular lines   B.quart   C.quotient   D.right triangle

2. C   The answer to a division problem.
A.ray   B.related facts   C.quotient   D.pint

3. A   Related addition and subtraction facts or related multiplication and division facts. Also called fact families.
A.related facts   B.right triangle   C.pound   D.pint

4. B   The difference between the greatest number and the least number in a set of data.
A.remainder   B.range   C.place value   D.pint

5. C   The amount left over when one number is divided by another.
A.point   B.reasonableness   C.remainder   D.pound

6. D   A customary unit of weight that equals 16 ounces.
A.product   B.point   C.protractor   D.pound

7. B   The value of the place of a digit in a number.
A.right angle   B.place value   C.prime number   D.range

8. A   A tool used to measure and draw angles.
A.protractor   B.range   C.prime number   D.related facts

9. D   A customary unit of capacity that equals 2 cups.
A.perpendicular lines   B.plane figure   C.quart   D.pint

10. B   A two-dimensional figure.
A.pint   B.plane figure   C.product   D.point

11. C   A whole number greater than O that has exactly two different factors, 1 and itself
A.product   B.pound   C.prime number   D.range

12. D   The exact location in space represented by a dot.
A.prime number   B.protractor   C.pint   D.point

13. B   The answer to a multiplication problem.
A.pound   B.product   C.range   D.related facts

14. A   A part of a line that has one endpoint and goes on forever in one direction.
A.ray   B.point   C.right angle   D.related facts

15. B   A triangle that has one 90° angle.
A.range   B.right triangle   C.remainder   D.protractor

16. B   Two intersecting lines that form right angles.
A.quart   B.perpendicular lines   C.right angle   D.prime number

17. D   Good number sense.
A.quotient   B.product   C.remainder   D.reasonableness

18. B   An angle that measures exactly 90°.
A.perpendicular lines   B.right angle   C.remainder   D.pound
