

## 6th Grade CCSS Math Vocabulary Quiz 35

- A Zero and the counting numbers 1, 2, 3, 4, 5, 6, and so on. No negative signs, decimal points, or parts that are fractions.  
A.whole numbers B.simplify C.time interval D.unlike denominators
- A Denominators that are not equal.  
A.unlike denominators B.subtract C.standard form D.second
- C The number of cubic units it takes to fill a figure.  
A.unlike denominators B.two-dimensional C.volume D.square unit
- D The measure of how heavy something is.  
A.second B.simplest form C.two-dimensional D.weight
- D One of the equal parts when a whole is divided into 10 equal parts.  
A.unlike denominators B.time interval C.sum D.tenth
- A A fraction that has 1 as its numerator.  
A.unit fraction B.simplest form C.vertex D.whole numbers
- A One sixtieth of a minute. There are 60 of them in 1 minute.  
A.second B.unit fraction C.tenth D.time interval
- B A letter or symbol that represents a number.  
A.simplest form B.variable C.whole numbers D.vertex
- C When a fraction is expressed with the fewest possible pieces. Also called lowest terms.  
A.standard form B.whole numbers C.simplest form D.vertex
- A A unit, such as square centimeter or square inch, used to measure area.  
A.square unit B.simplest form C.volume D.time interval
- C The point at which two line segments, lines, or rays meet to form an angle.  
A.subtract B.variable C.vertex D.unit fraction
- D A set of numbers arranged in a special order or pattern.  
A.two-dimensional B.whole numbers C.standard form D.sequence
- D To express a fraction in simplest form.  
A.variable B.second C.simplest form D.simplify
- D A duration of a segment of time.  
A.whole numbers B.subtract C.variable D.time interval
- C A common or usual way of writing a number using digits.  
A.whole numbers B.second C.standard form D.simplify
- A Having length, width, area, but not volume.  
A.two-dimensional B.square unit C.variable D.standard form
- D An operation that gives the difference between two numbers.  
A.time interval B.variable C.unit fraction D.subtract
- A The answer to an addition problem.  
A.sum B.unlike denominators C.unit fraction D.standard form
