

6th Grade CCSS Math Vocabulary Quiz 38

- C A mathematical phrase without an equal sign.
A.equation B.factors C.expression D.gallon
- A A group of related facts that use the same numbers. Also called related facts.
A.fact family B.gallon C.factor pairs D.formula
- B Having the same value.
A.factor pairs B.equal C.greater than D.fact family
- D The number by which another number is divided.
A.equation B.equivalent fractions C.equal D.divisor
- D The standard unit of mass in the metric system.
A.equal B.factors C.function table D.gram
- A The whole numbers that are multiplied to get a product.
A.factors B.greater than C.formula D.equation
- D Fractions that have the same value.
A.expression B.endpoint C.estimate D.equivalent fractions
- D A mathematical sentence with an equals sign. The amount on one side of the equals sign has the same value as the amount on the other side.
A.greater than B.gallon C.foot D.equation
- A A rule that is written as an equation.
A.formula B.fraction C.expanded form D.fact family
- C A point at either end of a line segment, or a point at one end of a ray.
A.expanded form B.formula C.endpoint D.equivalent fractions
- C A set of two whole numbers that when multiplied will result in a given product.
A.equation B.estimate C.factor pairs D.fact family
- B To find a number close to an exact amount.
A.factors B.estimate C.greater than D.expanded form
- B A way to write numbers that shows the place value of each digit.
A.equivalent fractions B.expanded form C.foot D.gram
- A A table that lists pairs of numbers that follow a rule.
A.function table B.foot C.endpoint D.gram
- B A customary unit of length that equals 12 inches.
A.equivalent fractions B.foot C.divisor D.formula
- B Used to compare two numbers when the first number is larger than the second number.
A.endpoint B.greater than C.gram D.equation
- C A customary unit of capacity that equals 4 quarts.
A.function table B.greater than C.gallon D.gram
- A A way to describe a part of a whole or a part of a group by using equal parts.
A.fraction B.formula C.expanded form D.function table
