

6th Grade CCSS Math Vocabulary Quiz 38

1. ___ A mathematical phrase without an equal sign.
A.equation B.factors C.expression D.gallon
2. ___ A group of related facts that use the same numbers. Also called related facts.
A.fact family B.gallon C.factor pairs D.formula
3. ___ Having the same value.
A.factor pairs B.equal C.greater than D.fact family
4. ___ The number by which another number is divided.
A.equation B.equivalent fractions C.equal D.divisor
5. ___ The standard unit of mass in the metric system.
A.equal B.factors C.function table D.gram
6. ___ The whole numbers that are multiplied to get a product.
A.factors B.greater than C.formula D.equation
7. ___ Fractions that have the same value.
A.expression B.endpoint C.estimate D.equivalent fractions
8. ___ A mathematical sentence with an equals sign. The amount on one side of the equals sign has the same value as the amount on the other side.
A.greater than B.gallon C.foot D.equation
9. ___ A rule that is written as an equation.
A.formula B.fraction C.expanded form D.fact family
10. ___ A point at either end of a line segment, or a point at one end of a ray.
A.expanded form B.formula C.endpoint D.equivalent fractions
11. ___ A set of two whole numbers that when multiplied will result in a given product.
A.equation B.estimate C.factor pairs D.fact family
12. ___ To find a number close to an exact amount.
A.factors B.estimate C.greater than D.expanded form
13. ___ A way to write numbers that shows the place value of each digit.
A.equivalent fractions B.expanded form C.foot D.gram
14. ___ A table that lists pairs of numbers that follow a rule.
A.function table B.foot C.endpoint D.gram
15. ___ A customary unit of length that equals 12 inches.
A.equivalent fractions B.foot C.divisor D.formula
16. ___ Used to compare two numbers when the first number is larger than the second number.
A.endpoint B.greater than C.gram D.equation
17. ___ A customary unit of capacity that equals 4 quarts.
A.function table B.greater than C.gallon D.gram
18. ___ A way to describe a part of a whole or a part of a group by using equal parts.
A.fraction B.formula C.expanded form D.function table
