

## 5th Grade CCSS Math Vocabulary Quiz 11

1. B A mathematical expression which shows that two quantities are not equal.  
A.relationship B.inequality C.exponent D.operation
2. B To find the value of a numerical or algebraic expression.  
A.square root B.evaluate C.operation D.forms
3. D A number that when multiplied by itself equals a given number.  
A.braces B.exponent C.coefficient D.square root
4. C A mathematical phrase that contains operations, numbers, and/or variables, but doesn't have an equal sign.  
A.exponent B.point C.expression D.solution
5. B A mathematical notation indicating the number of times a quantity is multiplied by itself.  
A.pair B.exponent C.inequality D.order of operations
6. D An exact location in space represented by a dot.  
A.solution B.inverse operations C.factorization D.point
7. A A number written as a product of its factors.  
A.factorization B.inverse operations C.evaluate D.operation
8. A Three-dimensional objects that have height, length, and width such as spheres, cylinders, cones, cubes, rectangular prisms, and pyramids. Shapes, appearances, or arrangements.  
A.forms B.expression C.pair D.inverse operations
9. B Operations that undo each other.  
A.braces B.inverse operations C.pair D.exponent
10. C A number in front of a variable.  
A.exponent B.relationship C.coefficient D.forms
11. C The ways that two things are similar, different, or otherwise connected. An association between two or more variables.  
A.exponent B.expression C.relationship D.evaluate
12. B The explanation or answer for a problem.  
A.evaluate B.solution C.factorization D.operation
13. A PEMDAS (Parentheses, Exponents, Multiplication/Division left to right, Addition/Subtraction left to right).  
A.order of operations B.point C.pair D.square root
14. B A pair of symbols used to enclose sections of an expression. { }  
A.operation B.braces C.inequality D.square root
15. B A set of two things used together or regarded as a unit.  
A.evaluate B.pair C.braces D.factorization
16. D A mathematical process applied to solve a problem.  
A.pair B.solution C.evaluate D.operation
