## 5th Grade CCSS Math Vocabluary Quiz 26

1.     - A number in front of a variable.
A.forms B.point C.order of operations D.coefficient
2. _ A mathematical phrase that contains operations, numbers, and/or variables, but doesn't have an equal sign.
A.expression
B.coefficient
C.forms
D.relationship
3. _ To find the value of a numerical or algebraic expression.
A.inequality B.expression C.evaluate D.operation
4. _ A set of two things used together or regarded as a unit.
A.exponent B.pair C.point D.evaluate
5. _ The explanation or answer for a problem.
A.order of operations
B.solution
C.expression
D.point
6. _ A number that when multiplied by itself equals a given number.
A.square root B.inverse operations C.braces D.coefficient
7.     - Three-dimensional objects that have height, length, and width such as spheres, cylinders, cones, cubes, rectangular prisms, and pyramids. Shapes, appearances, or arrangements.
A.order of operations B.square root C.forms D.exponent
8. _ A mathematical expression which shows that two quantities are not equal.
A.inverse operations B.coefficient C.braces D.inequality
9. _ PEMDAS (Parentheses, Exponents, Multiplication/Division left to right, Addition/Subtraction left to right).
A.order of operations B.forms C.factorization D.exponent
10. _ The ways that two things are similar, different, or otherwise connected. An association between two or more variables.
A.pair B.relationship C.inequality D.solution
11. _ A number written as a product of its factors.
A.relationship B.exponent C.factorization D.solution
12. _ A mathematical notation indicating the number of times a quantity is multiplied by itself.
A.solution B.exponent C.braces D.pair
13.     - Operations that undo each other.
A.braces B.exponent C.inverse operations D.inequality
14. _ A mathematical process applied to solve a problem.
A.point B.exponent C.operation D.factorization
15. _ An exact location in space represented by a dot.
A.factorization B.inequality C.point D.relationship
16. A pair of symbols used to enclose sections of an expression. \{ \}
A.evaluate B.braces C.forms D.pair
