5th Grade CCSS Math Vocabluary Quiz 36

1. D   Three-dimensional objects that have height, length, and width such as spheres, cylinders, cones, cubes, rectangular prisms, and pyramids. Shapes, appearances, or arrangements.
A.braces   B.square root   C.pair   D.forms

2. C   A mathematical process applied to solve a problem.
A.coefficient   B.expression   C.operation   D.braces

3. D   A mathematical expression which shows that two quantities are not equal.
A.square root   B.evaluate   C.operation   D.inequality

4. B   Operations that undo each other.
A.operation   B.inverse operations   C.square root   D.braces

5. A   A mathematical phrase that contains operations, numbers, and/or variables, but doesn't have an equal sign.
A.expression   B.order of operations   C.solution   D.coefficient

6. D   The ways that two things are similar, different, or otherwise connected. An association between two or more variables.
A.order of operations   B.point   C.exponent   D.relationship

7. D   A mathematical notation indicating the number of times a quantity is multiplied by itself.
A.order of operations   B.inequality   C.square root   D.exponent

8. D   A number in front of a variable.
A.inverse operations   B.solution   C.evaluate   D.coefficient

9. A   The explanation or answer for a problem.
A.solution   B.pair   C.order of operations   D.braces

10. A   A number that when multiplied by itself equals a given number.
A.square root   B.relationship   C.order of operations   D.evaluate

11. D   A set of two things used together or regarded as a unit.
A.braces   B.expression   C.solution   D.pair

12. A   An exact location in space represented by a dot.
A.point   B.inequality   C.evaluate   D.exponent

13. D   To find the value of a numerical or algebraic expression.
A.order of operations   B.forms   C.braces   D.evaluate

14. C   A pair of symbols used to enclose sections of an expression. { }
A.exponent   B.relationship   C.braces   D.forms

15. B   PEMDAS (Parentheses, Exponents, Multiplication/Division left to right, Addition/Subtraction left to right).
A.factorization   B.order of operations   C.relationship   D.point

16. D   A number written as a product of its factors.
A.inverse operations   B.solution   C.order of operations   D.factorization
