

## 4th Grade CCSS Math Vocabulary Crossword Puzzle 29

1. Using the Across and Down clues, write the correct words in the numbered grid below.

### ACROSS

- A line that divides a figure into congruent halves that are mirror images of each other.
- Denominators in two or more fractions that are the same.
- A set of connected points continuing without end in both directions.
- A part of a line with two endpoints.
- A system of measurement based on tens. Basic units - capacity: liter, length: meter, mass: gram.
- When a fraction is expressed with the fewest possible pieces. Also called simplest form.

### DOWN

- The amount of matter in an object.
- A metric unit of capacity equal to 1/1000 of a liter.
- A diagram showing frequency of data on a number line.
- The basic unit of capacity in the metric system equal to 1,000 milliliters.
- A standard unit of length in the metric system equal to 3.2808399 feet.
- A customary unit of length equal to 5,280 feet.
