

# 5th Grade CCSS Math Vocabulary Matching 14

Write the word that best matches each definition or clue.

- |                                  |   |
|----------------------------------|---|
| 1. <u>SIMPLIFY AN EXPRESSION</u> | To remove brackets, unnecessary numbers, and terms.                     |
| 2. <u>MODE</u>                   | The number that occurs most often in a set of data.                     |
| 3. <u>RATIO</u>                  | A comparison of two or more numbers using division.                     |
| 4. <u>PART</u>                   | A portion or piece of a whole.  |
| 5. <u>INCREMENT</u>              | An increase or addition, especially one of a series on a fixed scale.   |
| 6. <u>INTERPRET</u>              | To explain or tell the meaning of something.                            |
| 7. <u>NUMERATOR</u>              | The top number in a fraction.   |
| 8. <u>GREATEST COMMON FACTOR</u> | The largest number that is a common divisor of a given set of numbers.  |
| 9. <u>EQUATION</u>               | A mathematical statement that includes an equal sign.                   |
| 10. <u>QUARTER</u>               | One of four equal parts.  |
| 11. <u>MEAN</u>                  | The average of a set of numbers.  |
| 12. <u>HALF</u>                  | One of two equal parts.   |
| 13. <u>MEDIAN</u>                | The middle number in a set of numbers that are listed in order.         |
| 14. <u>DENOMINATOR</u>           | The bottom number in a fraction.  |
| 15. <u>RANGE</u>                 | The difference between the greatest and least numbers in a set of data. |
| 16. <u>OPERATION</u>             | A mathematical process applied to solve a problem.                      |
