

5th Grade Science Vocabulary Quiz 11

1. ___ The process of wind or water breaking down rock into soil, sand, and other tiny pieces.
A.variable B.adaptation C.weathering D.refraction
2. ___ The ability to do work or cause changes in matter.
A.conductors B.energy C.inherited trait D.deposition
3. ___ A behavior that an animal develops by observing other animals or by being taught.
A.fossil fuels B.insulator C.conductors D.learned behavior
4. ___ The remains of plants and animals buried in the Earth. Created by millions of years of heat and pressure. Examples include coal, oil, and natural gas.
A.deposition B.insulator C.variable D.fossil fuels
5. ___ Light bouncing off of an object.
A.reflection B.inherited trait C.erosion D.conductors
6. ___ A change in the body or behavior of a species over a long period of time to help it survive in its environment.
A.sedimentary rock B.insulator C.adaptation D.deposition
7. ___ A material that does not easily pass electrical or heat energy.
A.reflection B.erosion C.conductors D.insulator
8. ___ The part of an experiment that is changed.
A.variable B.inherited trait C.energy D.insulator
9. ___ The process of dropping or depositing sediment in a new place.
A.inherited trait B.insulator C.erosion D.deposition
10. ___ The process of moving sediment from one place to another.
A.erosion B.inherited trait C.insulator D.learned behavior
11. ___ A trait passed on from one generation to another such as eye color or hair color.
A.insulator B.inherited trait C.control D.adaptation
12. ___ The part of the experiment that is kept the same.
A.control B.learned behavior C.insulator D.reflection
13. ___ Things that let electricity through easily (often metals).
A.sedimentary rock B.variable C.conductors D.inherited trait
14. ___ Rock formed by sediment that is deposited in layers and formed over time. Fossils are often found in this type of rock.
A.sedimentary rock B.conductors C.erosion D.energy
15. ___ The bending of light when it passes from one substance into a different substance.
A.control B.insulator C.refraction D.fossil fuels
