

Business Math Terms Review Crossword Puzzle 7

1. Using the Across and Down clues, write the correct answer in the numbered grid below.

ACROSS

1. A legal document that outlines the terms and conditions of a partnership.
5. The amount of a product that producers are willing to sell at a given price.
9. The amount of money gained from selling goods or services after all costs are subtracted.
10. The sources of income for a business.
12. A guarantee provided by a seller that a product will meet certain standards.
14. A measure of how sensitive the quantity demanded of a good is to a change in its price.
15. A unique identifier assigned to each invoice.
16. The date on which an invoice is issued.
17. The unique benefits a product or service offers to customers.
18. A person who handles cash transactions, such as receiving payments and giving change.
19. Dividing a market into distinct groups of buyers who have different needs or characteristics.

DOWN

2. The value of an asset after liabilities have been deducted.
3. The value of the next best alternative that must be forgone when a decision is made.
4. Hiring an outside company to perform services or produce goods instead of doing it internally.
6. The process of paying off debt with regular payments over a period of time.
7. The process of creating goods and services.
8. The principle that, all else being equal, as the price of a good or service increases, the quantity supplied increases.
11. The ongoing expenses of operating a business that are not directly tied to production.
13. The amount of money remaining in an account.
15. The fee charged by a lender to a borrower for the use of borrowed money.
